

# Faces of Industrial Research 2019

19th Feb 2019, Lausanne, EPFL - Room SV1717

**Dr Carles Canto, Team Leader (Nestlé)**

Targeting Mitochondria in Metabolic Diseases: the Told and the Untold

**Dr Jan Tchorz, Team Leader (Novartis)**

Liver Stem Cells - Fact or Fancy?

**Dr Stefan Kustermann, Lab Head (Roche)**

Human Cellular Models for Drug Safety Assessment: Focus on CNS

**Dr Antoine de Weck, Sr Computational Biologist (Novartis)**

Project DRIVE: A Compendium of Cancer Dependencies

**Dr Christian Pasquali, Head of Preclinical, Scientific Director (Vifor)**

Escaping oriented science: An Example of Translational Medicine with Broncho Vaxom

**Dr Hanna Sundstroem, Senior Scientist Biology (Vifor)**

Pharmacological Inhibition of the Iron Exporter Ferroportin

Senior scientists  
give insights on  
transition to industry

#FIR2019

Industrial PhDs and postdocs among the speakers
